

NICHE -

ART, LIFESTYLE, MUSIC, FASHION, BEAUTY, TECH, DESIGN, INNOVATION, WEB 3.0, GAMING and SCI-FI

Me and my content moves in a very specific niche that combines all the above fields and more. I can consider myself lucky that I have a very loyal and, above all, influential community.

In turn, I'm followed by innovative artists, influencers and brands who feel inspired by me. That's why I don't call myself an influencer but an inspirer of influencers.

My creativity seems to be extreme but very intriguing. **Therefore, I have a great influence on the mentioned markets and its leading persons of intrests.**
